

SCTE • ISBE

Society of Cable Telecommunications Engineers
International Society of Broadband Experts

It's November - WOW!

The year has flown by and WE have SO much to be Thankful for!!!

We had an outstanding meeting at the end of August and want to take the time to Thank our Membership and Attendee's of the Becoming a Leader/Professional Chapter Meeting.

Our hosts for this meeting were:

Stephen Kempisty- Regional Training Manager for Comcast University

Matt Coles- Sr. Technical/Business Trainer for Comcast University

Also known as the Abbott and Costello of Cable Learning!!

These guys are able to draw a crowd, resonate with their audience, crack some jokes, and infuse higher education.

The Topics Covered:

- Management vs. Leadership • Building you Brand
- Best practices for taking that next step into leadership

These topics are so relevant for today's standards, especially for folks working to better themselves, while positioning for a new role in their respective companies.

Together Steve and Matt have over 50 years in the Cable Industry, and over half of those years in Professional Development. They not only understand how important Higher Learning and Education is, but can adapt their teaching styles to anyone that lands in their classrooms.

We received a great deal of positive feedback from this Chapter Meeting and are excited to share some of the responses.

"The speakers were exceptional and energetic!"

"Matt and Steve delivered the building blocks to help you advance in your career."

"The meeting helped us visualize how to climb the ladder in our company."

"Fired UP and can See the BIG Picture now!"
